### **DEIRDRE MACEVILLY**

Deirdre MacEville is a Senior Speech and Language Therapist in the Lucena Clinic. She has over 20 years' experience working with children and adolescents with a range of communication needs in the context of complex neurodevelopmental difficulties and/or mental health disorders. She has a first class honours degree in Clinical Speech & Language Studies and a Masters in Child Language Disorders. Deirdre has a keen interest in leading and evaluating high quality, evidence based intervention programmes for clients with ASD, ADHD and Selective Mutism. She has published her research in a leading journal article on ADHD and presented research papers nationally and internationally. Deirdre has lectured at postgraduate level in Trinity College Dublin and University College Dublin. She is currently principal investigator on a research project examining the effectiveness of the Secret Agent Society Programme, alongside her colleague, Geraldine Brosnan.
