Transformative Therapeutics*

HAIYUN XU

After getting a doctor degree in Medicine from Peking Union Medical College, China, he started his academic career in September 1996, in academic institutes of USA and Canada. In September 2011, he was appointed as an outstanding professor by Shantou University Medical College, China. In November 2019, he was appointed as a professor of Wenzhou Medical University and chief clinical researcher of Wenzhou Kangning Hospital. During the past decades, he has participated in and presided over a couple of research projects funded by NIH, MRC/CIHR, and NSFC, and published over 90 papers that have been cited more than 3600 times. He has been serving for Biochemistry and Cell Biology (Canada) since 2014 as an associate editor, and for the other 12 international journals as a member of editorial board.
